

## INDEX TO VOLUME 35, 1976

P.=Proceedings of the Heberden Society

- Absence, and back pain, 285, P.  
Acknowledgment of manuscripts, 388  
ADAMS, L. E., *see FOAD, B. et al.*  
ADAMS, P., and MUIR, H.: Qualitative changes with age of proteoglycans of human lumbar discs, 289  
Adjuvant arthritis, *see Arthritis, adjuvant*  
AKESON, W. H., WOO, S. L.-Y., AMIEL, D., DOTY, D. H., and RUTHERFORD, L.: Value of  $17\beta$ -oestradiol in prevention of contracture formation, 429  
Alkali therapy, improvement in lacrimal and salivary secretions after, in Sjögren's syndrome with renal tubular acidosis: case report, 381  
Allopurinol and oxipurinol, absence of chromosome damage in lymphocytes exposed to, 143  
AMIEN, D., *see AKESON, W. H. et al.*  
ANDERSON, J. A. D., and SWEETMAN, B. J.: Back pain and sickness absence, 285, P.  
ANSELL, B. M., NASSEH, G. A., and BYWATERS, E. G. L.: Scleroderma in childhood, 189  
— *see also BRESNIHAN, F. P. and ANSELL, B. M.*  
MOHAMMED, I. *et al.*  
MOWAT, A. G. *et al.*  
ROBITAILLE, A. *et al.*  
Ankylosing spondylitis, clinical diagnosis in women, relation to presence of HLA-B27, 267  
— and epidemic Reiter's syndrome: genetics and environment, 287, P.  
— with HL-A 27, diminished mixed lymphocyte reaction in, 37  
— immunological reactivity, circulating immunoblasts, autoantibodies and immunoglobulins, 155  
— mobilization of chest wall for fixed chest in, 545, P.  
— naproxen treatment, 287, P.  
— serum copper and caeruloplasmin in, 443  
Antibiotics and septic arthritis, review, 198  
Antibody(ies), anti-DNA, IgG and IgM, in systemic lupus erythematosus, 544, P.  
— antinuclear, and their clinical significance, Symposium, London, January 8 1976, report, 466  
— to ds (native) DNA in chronic active hepatitis (CAH), 545, P.  
— humoral, responses in mice after *Mycoplasma arthritidis* injection, 14  
— mediated leucocyte cytotoxicity to Chang human liver cells, rheumatoid arthritis and other diseases, 27  
Antigen, in rheumatoid synovial macrophages, search for, 133  
Antinuclear antibodies, *see Antibodies, antinuclear*  
Antirheumatic drugs, administration, 174  
Arthritis, adjuvant, distribution of fluorescent material, rhodamine-labelled tubercle bacilli, rats, 389, 538, P.  
— allergic, experimental, effect of yttrium 90, rabbits, 60  
— cervical, *see Cervical arthritis*  
— experimental, intra-articular injection of autologous Fab2 causing, I. Microscopical and immunohistochemical findings in short-term experiments, 85  
— of mice induced by *Mycoplasma arthritidis*, 14  
— psoriatic, *see Psoriatic arthritis*  
— AND RHEUMATISM COUNCIL and BRITISH ORTHOPAEDIC ASSOCIATION: Controlled trial of synovectomy of knee and metacarpophalangeal joints in rheumatoid arthritis, 437  
— — — Symposium on fibrotic process, London, April 23 1976, report, 476  
— — — Workshop on immune complexes, London, January 9 1976, report, 476  
— — — *see also HEBERDEN SOCIETY and ARTHRITIS AND RHEUMATISM COUNCIL*  
— rheumatoid, *see Rheumatoid arthritis*  
— septic, throughout antibiotic era, review, 198  
— of Whipple's disease, detection by electron microscope of rod-shaped organisms in synovial membrane, 502  
Articular cartilage, aged human, effect of anti-inflammatory drugs on sulphated glycosaminoglycan synthesis, 487  
— glycosaminoglycan synthesis, adult human, rheumatoid arthritis, 32  
— hip joint, post-mortem study, II. Histological basis for limited and progressive cartilage alterations, 114, III. Correlations between observations, 122  
— thermoanalytical and histological study of intra-articular papain-induced degradation and repair, rabbits. II. Mature animals, 23  
Arthropathy(ies), Hansen's neuropathic, 285, P.  
— less common, HLA frequencies in, 271, 287, P.  
— seronegative inflammatory, HLA-B27 antigen in diagnosis, 531  
Ascorbic acid stimulation of neutrophil migration, 510  
'Aspirin-like' drug therapy and prostaglandin synthetase activity, 327  
Auranofin, new oral gold compound for treatment of rheumatoid arthritis, 251  
Autoantibodies in ankylosing spondylitis, 155

## CONTENTS OF VOLUME 35

No. 1. FEBRUARY, 1976

Preliminary observations on an isolate from synovial fluid of patients with rheumatoid arthritis <i>J. G. Markham and D. B. Myers</i>	1
Transformation of human lymphocytes <i>in vitro</i> by autologous and allogeneic rheumatoid synovial fluids <i>T. D. Kinsella</i>	8
Arthritis of mice induced by <i>Mycoplasma arthritidis</i> . Humoral antibody and lymphocyte responses of CBA mice <i>B. C. Cole, L. Golightly-Rowland, and J. R. Ward</i>	14
Thermoanalytical and histological study of intra-articular papain-induced degradation and repair of rabbit cartilage. II. Mature animals <i>T. Farkas, M. Bihari-Varga, and T. Biro</i>	23
Antibody-mediated leucocyte cytotoxicity to Chang human liver cells in rheumatoid arthritis and other diseases <i>G. S. Panayi</i>	27
Synthesis of glycosaminoglycan in adult human articular cartilage in organ culture from patients with rheumatoid arthritis <i>R. K. Jacoby and M. I. V. Jayson</i>	32
Diminished mixed lymphocyte reaction in ankylosing spondylitis, relatives, and normal individuals all with HL-A 27 <i>B. Nikbin, D. A. Brewerton, D. C. O. James, and J. R. Hobbs</i>	37
Serum immunoreactive gastrin : specificity for rheumatoid arthritis, bimodality of distribution, and failure of the effect of anti-inflammatory drugs <i>P. J. Rooney, D. M. Grennan, R. D. Sturrock, P. M. Brooks, and W. C. Dick</i>	40
Early abnormalities of pisiform and triquetrum in rheumatoid arthritis <i>D. Resnick</i>	46
Surface strain distribution in isolated single lumbar vertebrae <i>J. S. Shah, J. Coggins, R. Rogers, M. I. V. Jayson, and W. G. J. Hampson</i>	51
Lubrication of synovial membrane <i>A. F. Cooke, D. Dowson, and V. Wright</i>	56
Effect of yttrium 90 on experimental allergic arthritis in rabbits <i>W. Meier-Ruge, W. Muller, and K. Pavelka</i>	60
Ultrastructural changes produced in rheumatoid synovial membrane by chrysotherapy <i>F. N. Ghadially, A. F. Oryschak, and D. M. Mitchell</i>	67
Single daily dose corticosteroid treatment <i>A. B. Myles, L. F. G. Schiller, D. Glass, and J. R. Daly</i>	73
Serum uric acid concentrations in a Xhosa community in the Transkei of Southern Africa <i>P. Beighton, G. Daynes, and C. L. Soskolne</i>	77
Objective measurement of rheumatoid arthritis using technetium index <i>E. C. Huskisson, J. Scott, and H. W. Balme</i>	81
Obituary	83
Notes	84

No. 2. APRIL, 1976

Experimental arthritis of rabbits caused by intra-articular injection of autologous Fab2 produced by digestion of IgG with cathepsin D. I. Microscopical and immunohistochemical findings in short-term experiments <i>K. Fehr, M. Velvart, A. Boni, H. Watanabe, M. A. Spycher, and J. R. Ruttner</i>	85
Relationship of phytohaemagglutinin-induced lymphocyte transformation to disease activity in systemic lupus erythematosus <i>P. Hughes, S. Holt, N. R. Rowell, and J. K. Dodd</i>	97
Attempts to identify viruses in rheumatoid synovial cells <i>M. Norval and B. P. Marmion</i>	106
Post-mortem study of the hip joint. II. Histological basis for limited and progressive cartilage alterations <i>P. D. Byers, C. A. Contepomi, and T. A. Farkas</i>	114
Post-mortem study of the hip joint. III. Correlations between observations <i>P. D. Byers, C. A. Contepomi, and T. A. Farkas</i>	122
Vertebral end-plate lesions (Schmorl's nodes) in the dorsolumbar spine <i>R. C. Hilton, J. Ball, and R. T. Benn</i>	127
Search for antigen in rheumatoid synovial macrophages <i>L. A. Runge</i>	133
Thrombocytosis in rheumatoid arthritis <i>R. M. Hutchinson, P. Davis, and M. I. V. Jayson</i>	138
Absence of chromosome damage in human lymphocytes exposed to allopurinol and oxipurinol. <i>In vivo</i> and <i>in vitro</i> studies <i>A. C. Stevenson, S. R. Silcock, and J. T. Scott</i>	143
Effects of steroid hormones on human fibroblasts <i>in vitro</i> . II. Antagonism by androgens of cortisol-induced inhibition <i>W. Harvey, R. Grahame, and G. S. Panayi</i>	148
Virus antibody levels and delayed hypersensitivity in rheumatoid arthritis <i>P. E. Phillips, J. Waxman, Y. Hirshaut, and M. H. Kaplan</i>	152
Immunological reactivity in ankylosing spondylitis. Circulating immunoblasts, autoantibodies, and immunoglobulins <i>A. A. Eghtedari, P. Davis, and P. A. Bacon</i>	155
Circulating immunoblasts in polymyalgia rheumatica <i>A. A. Eghtedari, W. Esselinckx, and P. A. Bacon</i>	158
Assessment of rheumatoid activity based on clinical features and blood and synovial fluid analysis <i>M. Farr, M. J. Kendall, D. W. Young, M. J. Meynell, and C. F. Hawkins</i>	163
Radiographic stereoplotting. A new technique and its application to the study of the spine <i>R. K. Jacoby, H. Sims-Williams, M. I. V. Jayson, and H. Baddley</i>	168
Comparative toxicity of gold preparations in treatment of rheumatoid arthritis <i>J. S. Lawrence</i>	171
Administration of antirheumatic drugs <i>V. Wright and R. Hopkins</i>	174
Serum pyridoxal in patients with rheumatoid arthritis <i>C. R. Sanderson, R. E. Davis, and C. E. Bayliss</i>	177
Clinicopathological study of a patient with procainamide-induced systemic lupus erythematosus <i>Y. Levo, A. I. Pick, I. Avidor, and M. Ben-Bassat</i>	181
Correspondence	186
Book reviews	188

No. 3. JUNE, 1976

Scleroderma in childhood <i>B. M. Ansell, G. A. Nasseh, and E. G. L. Bywaters</i>	189
Review of septic arthritis throughout the antibiotic era <i>J. H. Newman</i>	198
Psoriatic arthritis. Follow-up study <i>M. E. T. Roberts, V. Wright, A. G. S. Hill, and A. C. Mehra</i>	206
Periarthritis of the shoulder. I. Aetiological considerations with particular reference to personality factors <i>V. Wright and A. M. M. M. Haq</i>	213
Periarthritis of the shoulder. II. Radiological features <i>V. Wright and A. M. M. M. Haq</i>	220
Avascular necrosis in SLE. An apparent predilection for young patients <i>F. E. Smith, D. E. Sweet, C. M. Brunner, and J. S. Davis</i>	227
Complement and immunoglobulins in synovial fluid from synovectomized patients with rheumatoid arthritis <i>O. J. Mellbye, B. Næs, and E. Munthe</i>	233
Detection of IgG rheumatoid factor by concanavalin A treatment and complement fixation with IgG rheumatoid factor <i>K. Tanimoto, T. Moritoh, T. Azuma, and Y. Horiuchi</i>	240
Serum immunoreactive gastrin in rheumatoid arthritis. Further observations on its identity, clinical specificity, and relationship to gastric function <i>P. J. Rooney, A. C. Kennedy, G. H. Gray, R. D. Sturrock, K. D. Buchanan, and W. C. Dick</i>	246
Auranofin. New oral gold compound for treatment of rheumatoid arthritis <i>A. E. Finkelstein, D. T. Walz, V. Batista, M. Mizraji, F. Roisman, and A. Misher</i>	251
Seropositive rheumatoid arthritis associated with decreased diffusion capacity of the lung <i>G. Scherthaner, O. Scherak, G. Kolarz, and F. Kummer</i>	258
IgG subclass composition of rheumatoid arthritic sera and joint fluids <i>F. Shakib and D. R. Stanworth</i>	263
Clinical diagnosis of ankylosing spondylitis in women and relation to presence of HLA-B27 <i>H. F. H. Hill, A. G. S. Hill, and J. G. Bodmer</i>	267
HLA frequencies in less common arthropathies <i>A. Robitaille, C. Cockburn, D. C. O. James, and B. M. Ansell</i>	271
Osteoarthritis in a rural South African Negro population <i>L. Solomon, P. Beighton, and J. S. Lawrence</i>	274
Familial Felty's syndrome <i>L. M. Blendis, K. Lloyd Jones, E. B. D. Hamilton, and R. Williams</i>	279
Measurement of circumference of the knee with ordinary tape measure <i>J. J. Nicholas, F. H. Taylor, R. B. Buckingham, and D. Ottonello</i>	282
Heberden Society	285

No. 4. AUGUST, 1976

Qualitative changes with age of proteoglycans of human lumbar discs <i>P. Adams and H. Muir</i>	289
Cytology of rheumatoid synovial cells in culture. IV. Further investigations of cell lines cocultivated with rheumatoid synovial cells <i>M. Norval, A. Graham, and B. P. Marmion</i>	297
Detection of circulating IgG aggregates and immune complexes using $^{125}\text{I}$ protein A from <i>Staphylococcus aureus</i> <i>R. Hallgren and L. Wide</i>	306
Factors relating to circulating immune complexes in rheumatoid arthritis <i>P. J. Roberts-Thomson, B. L. Hazleman, I. G. Barnett, I. C. M. MacLennan, and A. G. Mowat</i>	314
Immunoglobulin and complement deposition in skin of rheumatoid arthritis and systemic lupus erythematosus patients <i>A. L. Schroeter, D. L. Conn, and R. E. Jordon</i>	321
Prostaglandin synthetase activity from human rheumatoid synovial micro-somes. Effect of 'aspirin-like' drug therapy <i>D. Crook, A. J. Collins, P. A. Bacon, and R. Chan</i>	327
Indomethacin serum concentrations in man. Effects of dosage, food, and antacid <i>H. W. Emori, H. Paulus, R. Bluestone, G. D. Champion, and C. Pearson</i>	333
Effects of enzyme induction on metabolism of prednisolone. Clinical and laboratory study <i>P. M. Brooks, W. W. Buchanan, M. Grove, and W. W. Downie</i>	339
Abnormal lymphocyte function is secondary to drug-induced autoimmunity <i>S. Pugh, B. Pelton, E. B. Raftery, and A. M. Denman</i>	344
Clinical and radiological survey of the incidence of osteoarthritis among obese patients <i>R. H. Goldin, L. McAdam, J. S. Louie, R. Gold, and R. Bluestone</i>	349
Eye inflammation in psoriatic arthritis <i>J. R. Lambert and V. Wright</i>	354
Early rheumatoid disease. I. Onset <i>A. Fleming, J. M. Crown, and M. Corbett</i>	357
Early rheumatoid disease. II. Patterns of joint involvement <i>A. Fleming, R. T. Benn, M. Corbett, and P. H. N. Wood</i>	361
Radiological cervical arthritis in populations <i>J. S. Lawrence</i>	365
Hypouricaemia and increased renal urate clearance associated with hyperparathyroidism <i>T. Gibson, H. P. Sims, and S. A. Jimenez</i>	372
Raised serum immunoglobulin E in Wegener's granulomatosis <i>D. L. Conn, G. J. Gleich, R. A. DeRemee, and T. J. McDonald</i>	377
Improvement in lacrimal and salivary secretions after alkali therapy in Sjogren's syndrome with renal tubular acidosis <i>C. T. Flynn, T. W. Negus, J. McHardy, and D. J. Rainford</i>	381

No. 5. OCTOBER, 1976

Adjuvant arthritis in the rat. Distribution of fluorescent material after footpad injection of rhodamine-labelled tubercle bacilli <i>B. Vernon-Roberts, S. P. Liyanage, and H. L. F. Currey</i>	389
Nervous system involvement in systemic lupus erythematosus <i>T. Gibson and A. R. Myers</i>	398
Peripheral blood lymphocyte response to phytomitogens in systemic lupus erythematosus <i>B. Foad, L. E. Adams, A. Litwin, and E. V. Hess</i>	407
Fc-rosette inhibition by hypocomplementaemic systemic lupus erythematosus sera <i>T. Morito, K. Tanimoto, Y. Hashimoto, Y. Horiuchi, and T. Juji</i>	415
Type C oncornavirus isolation studies in systemic lupus erythematosus I. Attempted detection by isopycnic sedimentation of $^3\text{H}$ -uridine-labelled virions <i>P. E. Phillips, R. Hargrave, E. Stewart, and N. H. Sarkar</i>	422
Value of $17\beta$ -oestradiol in prevention of contracture formation <i>W. H. Akeson, S. L-Y. Woo, D. Amiel, D. H. Doty, and L. Rutherford</i>	429
Controlled trial of synovectomy of knee and metacarpophalangeal joints in rheumatoid arthritis <i>Arthritis and Rheumatism Council and British Orthopaedic Association</i>	437
Serum copper and caeruloplasmin in ankylosing spondylitis, systemic sclerosis, and morphea <i>M. I. V. Jayson, P. Davis, J. T. Whicher, and G. Walters</i>	443
Demonstration of antibodies to collagen and of collagen-anticollagen immune complexes in rheumatoid arthritis synovial fluids <i>J. Menzel, C. Steffen, G. Kolarz, R. Eberl, O. Frank, and N. Thumb</i>	446
Lymphocytes in rheumatoid and nonrheumatoid synovial fluids. Non-specificity of high T-cell and low B-cell percentages <i>L. B. A. van de Putte, C. J. L. M. Meijer, G. J. M. Lafeber, R. Kleinjan, and A. Cats</i>	451
Personality in frozen shoulder <i>A. Fleming, S. Dodman, T. C. Beer, and S. Crown</i>	456
Effect of penicillamine therapy on circulating immune complexes in rheumatoid arthritis <i>I. Mohammed, D. Barraclough, E. J. Holborow, and B. M. Ansell</i>	458
Effect of penicillamine treatment on immune complexes in two cases of seropositive juvenile rheumatoid arthritis <i>F. P. Bresnihan and B. M. Ansell</i>	463
Report of Symposium: Antinuclear antibodies and their clinical significance	466
Book reviews	473
Correspondence	476
Notes	476

No. 6. DECEMBER, 1976

Selective concentration and localization of gold in macrophages of synovial and other tissues during and after chrysotherapy in rheumatoid patients <i>B. Vernon-Roberts, J. L. Dore, J. D. Jessop, and W. J. Henderson</i>	477
Effect of anti-inflammatory drugs on sulphated glycosaminoglycan synthesis in aged human articular cartilage <i>L. S. McKenzie, B. A. Horsburgh, P. Ghosh, and T. K. F. Taylor</i>	487
Naproxen in rheumatoid arthritis. Extended trial <i>A. G. Mowat, B. M. Ansell, J. M. Gumpel, H. F. H. Hill, A. G. S. Hill, and M. Stoppard</i>	498
Detection by electron microscope of rod-shaped organisms in synovial membrane from a patient with the arthritis of Whipple's disease <i>C. F. Hawkins, M. Farr, C. J. Morris, A. M. Hoare, and N. Williamson</i>	502
Defective responsiveness to ascorbic acid of neutrophil random and chemotactic migration in Felty's syndrome and systemic lupus erythematosus <i>E. J. Goetzel</i>	510
Distribution of yttrium 90 ferric hydroxide colloid and gold 198 colloid after injection into knee <i>E. D. Williams, D. E. Caughey, P. J. Hurley, and M. B. John</i>	516
Chondrocalcinosis after parathyroidectomy <i>J. S. Glass and R. Grahame</i>	521
Histocompatibility antigens in psoriatic arthritis <i>J. R. Lambert, V. Wright, S. M. Rajah, and J. M. H. Moll</i>	526
HLA-B27 antigen in diagnosis of atypical seronegative inflammatory arthropathy <i>G. Joliat, A. Ferro, M. Jeannet, and H. Ott</i>	531
Sparing effect of hemiplegia on tophaceous gout <i>J. J. Glynn and M. L. Clayton</i>	534
Heberden Society	536
